 - a. Principals implement their own agenda. They are broad area based cabinet directors. Research feasibility and follow through from senate.
 - b. Supervisors oversee a specific internal function of ASB. Principals are external and supervisors are internal. This includes chief of staff, deputy chief of staff, executive liaison, chancellor standing committees, supervisor of involvement and communications. Don't implement an agenda and look to students as much.
 - c. Initiative directors include Everybody's Tent, ASB promotions, Everybody's Formal, and Initiative Director of Safe Ride.
 - 3. Steps to implement a permanent directed initiative. This is to free up time for the principals to see what students need today, and they will not have to be as concerned with initiatives that have been passed down to them.
 - a. Principal can implement on their own, senate could also deem something important to implement. After having an initiative for one term, will evaluate and see the need as to how effective the initiative is.
